PERSONAL STATEMENT

A second-year Computer Science student at University of Dundee, passionate about software development, robotics engineering, problem-solving, and creating efficient solutions. Skilled in Java, C++, and web development with experience in full-stack development through academic projects. Seeking a summer internship to contribute my unique perspectives, further develop my technical skills, and build my experience.

EDUCATION

University of Dundee, Dundee, UK
BSc (Hons) Computer Science
January 2024 - Present

Key modules: Introduction to Data Structures and Algorithms, Database Systems, Introduction to Web Development, Introduction to Software Development, unix and networking system.

Expected grade: First Class Honors

TECHNICAL SKILLS

- Programming Languages: Java, JavaScript, C++, bash script.
- Web Technologies: HTML, CSS, React.js
- Databases: MySQL
- Version Control: GitHub
- Development Tools: Visual Studio Code, intelli j

PROJECTS

Personal book-shop website (html, css, and javascript)

- Designed and developed a personal book-shop website using html, css, and javascript to showcase my projects and skills.
- Implemented a responsive design, improving accessibility across devices.
- Implemented a user-friendly method for payment.

Battleship game (java)

- Designed and developed a battleship game using java
- Implemented a user-friendly method to play the game.

Appointment booking app (java, mysql)

- Collaborated with a team of 2 to design and develop an hospital appointment booking app using java and mysql.
- Collaborated with a team of 2 to develop a mysql database to store the information of registered patients.
- Implemented a user-friendly method to book an appointment.

TRANSFERABLE SKILLS

- Teamwork: Collaborated with a team of 2 to develop a successful appointment booking app.
- Communication: Discussed issues and possible challenges that could arise while developing the appointment booking app.
- Problem-Solving: Solved complex challenges that came up while developing my battleship game.
